

NOTICE TO INVENTORS WHEN REVIEWING THIS DRAFT APPLICATION

READ the specification and claims and review the drawings carefully to ensure that they describe and illustrate your invention.

NOTE that if special processing, materials or designs have been developed or are needed to successfully make or use your invention, such special processing, materials or designs **MUST** be disclosed in your application.

NOTE that under U.S. patent law, you have an ongoing duty to disclose any references you are, or later become aware of which may be of interest to the Patent Examiner during the prosecution of your application. If you are unsure of the pertinence of a reference, please provide it to us for evaluation.

ALSO NOTE, that you have a duty to inform the Patent Office of the following activities if they occurred more than one year prior to the U.S. filing date:

- (1) any publication or written disclosure made by you to persons outside of Cardima, Inc., which was not subject to a confidentiality obligation with respect to the information;
- (2) any public use which was made of the invention; and
- (3) any sales activities offerings for sale of the invention.

PLEASE advise us of any references or activities that should be reported to the Patent Office upon filing of the application when the draft application is returned.

According to our records, the **INVENTORS** for this application are:
